PREFACE

T.R.C. Law College engaged our organization, M/s Earth Protection Group Environmental Consultant Pvt. Ltd. to carry out detailed Green Audit for their campus. We are submitting herewith the Green Audit Report.

Report prepared on the basis of site visit (physical), one to one interaction with the concerned departmental officials & physical verification of the concerned documents.

This audit report has been prepared on the basis of valuable guidelines laid down by the different organizations / statutory bodies and our experience & expertise in the field. Our team members have exercised all reasonable skills, care and diligence in preparation of this report. In spite of our sincere efforts, errors may creep in. Error, omission or discrepancy, if any, may please be noted and brought to our notice for necessary correction.

This report is not deemed to be any undertaking, warranty or certificate.

(Dr. Nelesh Agrawal)
Managing Director

M/s Earth Protection Group Environmental Consultant Pvt. Ltd.

5.0 GREEN AUDIT

Green Audit is a process of systematic identification, quantification, recording, reporting and analysis of components of environmental diversity of various establishments. It aims to analyze environmental practices within and outside of the concerned sites, which will have an impact on the eco-friendly ambience. Green audit can be a useful tool for a university to determine how and where they are using the most energy or water or resources; the university can then consider how to implement changes and make savings. It can also be used to determine the type and volume of waste, which can be used for a recycling project or to improve waste minimization plan. It can create health consciousness and promote environmental awareness, values and ethics. It provides staff and students better understanding of green impact on campus. If self-enquiry is a natural and necessary outgrowth of a quality education, it could also be stated that institutional self-enquiry is a natural and necessary outgrowth of a quality educational institution. Thus, it is imperative that the university evaluate its own contributions toward a sustainable future. As environmental sustainability is becoming an increasingly important issue for the nation, **the role of higher educational institutions in relation to environmental sustainability is more prevalent.** The rapid urbanization and economic development at local, regional and global level has led to several environmental and ecological crises. On this background it becomes essential to adopt the system of the Green Campus for the institutes which will lead for sustainable development and at the same time reduce a sizable amount of atmospheric carbon-di-oxide from the environment. The National Assessment and Accreditation Council, New Delhi (NAAC) has made it mandatory that all Higher Educational Institutions should submit an annual Green Audit Report.

PRINCIPAL
TRC LAW COLLEGE
SATRIKH, BARABANKI

6.0 WHY GREEN AUDIT

- In present scenario, people are not caring nature. They are directly or indirectly damaging the environment causing problems like; global warming, ecological damage, air pollution, water pollution etc.
- Green Audit is Requirement of NACC (National Assessment and Accreditation Council) for the accreditation.
- NACC is a self-governing organization of India that declares the institution as Grade-A, Grade-B or Grade-C according to the score assigned at the time of accreditation.
- The intention of organizing Green Audit is to upgrade the environmental condition in and around the University.

7.0 GOALS OF GREEN AUDIT

- The objective to carry out Green Audit is to secure the environment and cut down the threats to ecology and human health.
- To make sure that rules and regulations are taken care of
- To avoid the interruptions in environment that are more difficult to handle and their correction requires high cost.
- To suggest the best protocols to add for sustainable development.

8.0 OBJECTIVES

In recent time, the Green Audit of an institution has been becoming a paramount important for self-assessment of the institution which reflects the role of the institution in mitigating the present environmental problems. The university has been putting efforts to keep our environment clean since its inception. But the auditing of this non-scholastic effort of the university has not been documented.

Therefore, the purpose of the present green audit is to identify, quantify, describe and prioritize framework of Environment Sustainability in compliance with the applicable regulations, policies and standards. The main objectives of carrying out Green Audit are:

- To prepare a checklist of flora and fauna diversity in and around the university campus.
- To suggest measures to improve biodiversity within the university campus.
- To monitor the energy consumption pattern of the university.
- To assess the quantity of water usage within the university campus.
- To suggest sustainable energy usage and water conservation practices.

- To find out various sources of organic and solid waste generation and mitigation possibilities.

9.0 METHODOLOGY

The purpose of the audit was to ensure that the practices followed in the campus are in accordance with the Green Policy adopted by the institution. The criteria, methods and recommendations used in the audit were based on the identified risks. The methodology includes: preparation and filling up of questionnaire, physical inspection of the campus, observation and review of the document, interviewing responsible persons and data analysis, measurements and recommendations. The methodology adopted for this audit was a three-step process comprising:

9.1 Pre-Audit Stage

- Plan the audit
- Plan the audit team
- Schedule the audit facility
- Acquire the background information
- Visit the site

9.2 On-Site Stage

- Understand the scope of Audit
- Analyze the strengths and weakness of the internal controls
- Conduct the Audit
- Evaluate the observations of Audit Programs
- Prepare a report of the observations side by side

9.3 Post-Audit

- Produce a draft report of the data collected
- Produce a final report of the final observations and the interference with accuracy
- Distribute the report to the management
- Prepare an action to overcome the flaws
- Keep a watch on the action plan

PRINCIPAL

SATRIKH, BARABANKI

10.0 COMPONENT OF GREEN AUDIT

10.1 Water

Water is a natural resource; all living matters depend on water. While freely available in many natural environments, in human settlements potable (drinkable) water is less readily available. We need to use water wisely to ensure that drinkable water is available for all. Aquifer depletion and water contamination are taking place at unprecedented rates. It is therefore essential that any environmentally responsible institution should examine its water use practices. Water auditing is conducted for the evaluation of facilities of raw water intake and determining the facilities for water treatment and reuse. The concerned auditor investigates the relevant method that can be adopted and implemented to balance the demand and supply of water. It is therefore essential that any environmentally responsible institution examine its water use practices.

10.1.1 Source of water

The main source of water in college campus is ground water i.e. bore well. College campus has 03 nos. of bore wells out of which one is fitted with submersible pump and two used as handpump. For storage of fresh water 02 nos. of overhead tanks of capacity 40 KL (Civil) & 01 KL (PVC) provided in the campus. The details of bore well are as under:

Details of Bore Wells

Bore Well	Location	Coordinates	Depth & Dia	Type of Withdrawal
Bore Well-1	Behind Campus Building	Lat: 26°52.133' N Long: 81°11.669' E	Depth: 110 ft Dia: 04 Inch	Submersible Pump (01 HP)
Bore Well-2	Near Canteen	Lat: 26°52.087' N Long: 81°11.692' E	Depth: 110 ft Dia: 04 Inch	Hand Pump
Bore Well-3	Adjacent to Manager Office	Lat: 26°52.103' N Long: 81°11.647' E	Depth: 110 ft Dia: 04 Inch	Hand Pump

PRINCIPAL
TRC LAW COLLEGE

10.1.2 Consumption**Fresh Water Consumption**

SNo.	Particulars	Number of Persons	Water consumption as per NBC Norms (Liter/Head)	Total Water Consumption (In KL/Day)
1.	Teaching Faculty	30	45	1.350
2.	Students	1320	45	59.400
3.	Permanent Staff	13	45	0.585
4.	Security	02	45	0.090
5.	Contractor Workers	07	45	0.315
6.	Visitors	15	15	0.225
Total Water Requirement (In KL/Day)				62.00

10.1.3 Waste Water Generation & Disposal**Waste Water Generation**

SNo.	Source of Generation	Type of Waste Water	Quantity of Generation (KL/Day)	Disposal Method
1.	Domestic Activities	Sewage Waste	55.00	Septic Tank & Soak Pit

10.2 Ambient Air**10.2.1 Source**

The source of the ambient air pollution in the campus is 01 number of DG Set of capacity 30 KVA provided for the alternate electrical energy source as standby. Another source of ambient air pollution in the campus is vehicular emission. DG Set is installed with stack.

10.3 Noise**10.3.1 Source**

The source of the ambient noise in the campus area is 01 number of DG Set of capacity 30 KVA provided for the alternate electrical energy source as standby. Another source of ambient noise of the campus is vehicular traffic of surrounding area. DG Set is installed with acoustic enclosure to reduce the noise.

10.4 Solid Waste

10.4.1 Types of waste

Mainly solid waste including municipal solid waste generated in the campus. However, E-Waste, construction and demolition waste etc. are also generated.

10.4.2 Disposal methods

1. For the collection of solid waste, adequate quantity of Dust Bins is provided in each office area and campus area wherever required.
2. Presently all the generated waste is disposed through local body.

10.5 Energy (Electrical)

10.5.1 Sources

The main source of electricity is 01 numbers of electric connections from Madhyanchal Vidyut Vitran Nigam Ltd. of capacity 05 KW.

01 numbers of D.G. Set used as standby source in case of power failure. The details of DG Set is as under:

DG Set Name	Location	Capacity	Stack Detail	Fuel Consumption
D.G. Set-1	Near Canteen	30 KVA	Ht: 05 feet Dia: 2"	4 – 6 Ltr/Hr

10.5.2 Electricity Consumption

Monthly consumption of electricity is around 500 – 1000 unit.

10.5.3 Energy Conservation measures adopted

Apart from above, college campus has installed solar power system of capacity 05 KW. Solar panels are installed at the roof top of college building.

10.5.4 Benefits of Solar Power System:

- After installation of solar power system, college saves the electrical unit as well as reduce CO₂ emission.

 SATRIKH, BARABANKI
 15 | Page

10.6 Green Belt

Green belt is developed on around 1030 Sq. Meter area and having 40 to 50 trees, the existing green belt is regularly maintaining.

10.7 Rain Water Harvesting

It was observed that the Rain Water Harvesting System is not implemented inside the campus of T.R.C. Law College.

PRINCIPAL
TRC LAW COLLEGE
SATRIKH, BARABANKI

11.0 SUGGESTIONS / RECOMMENDATIONS

1. Management is advice to segregate the generated solid waste including municipal solid waste at source and should be disposed as per the "The Solid Waste Management Rules, 2016".
2. It is advice to all the generated Plastic Waste should be disposed as per the "The Plastic Waste Management Rules, 2016".
3. Management is advised to dispose the battery waste as per "The Batteries (Management & Handling) Rules, 2001".
4. Management is advised to segregate the generated e-waste at source before its disposal and disposed as per "The E-Waste (Management) Rules, 2016".
5. During construction phase, management is advice to segregate the generated construction and demolition waste at source for their reuse and proper disposal as per the "The Construction and Demolition Waste Management Rules, 2016".
6. It is advice to create mass awareness programme to protect biodiversity of campus among all the students, staff and workers.
7. Apart from existing trees, management is advice to plantation of more trees of native species inside the campus area.
8. Management is advised to identify all the trees available inside the campus and record should maintained along with their location, species, diameter, height, age and geocoordinates.
9. Management is also advice to display the name of plant over each tree.
10. It was observed that rain water harvesting system was not implemented inside the premises, in this regard managements advice to implement rain water harvesting/recharge system with in the premises as per Model Building Bye Laws.
11. It was observed that sewage waste disposed through septic tank and soak pit and rest waste water disposed to adjacent nala. An adequate capacity of Sewage Treatment Plant (STP) is recommended for the treatment of generated sewage waste water and reuse of the treated water inside the campus premises.
12. Management is advice to install the digital water meter at the outlet of energized borewell for the measurement of daily extraction of ground water.

ABOUT ENVIRONMENTAL CONSULTANT

Our Organization, M/s Earth Protection Group Environmental Consultant Pvt. Ltd. was registered as a Pvt. Ltd. Company in the year 2000. (Company Identification No. U74210UP2000PTC025670) & ISO 9001:2015, 14001:2015 & OHSAS 45001:2018 certified company. Organization is also accredited by QCI-NABET (Accreditation Certificate No. NABET/EIA/1922/RA0190 & Accreditation Certificate No. NABET/GWCO/IA/GW024) as for Environment Impact Assessment Study (EIA Study)/Environment Management Plan (EMP) & Impact Assessment Report/Hydrogeological Report respectively.

We are one of the leading consultants in the field of Environment & Industrial Safety. Our organization is providing Legal & Technical Consultancy in the field of Environment & Industrial Safety related issues for the last 20 years. The Company EPGEC incepted with well-equipped facilities and qualified team, offers a complete solution for Pollution Control, Industrial Safety and for Ground Water Withdrawal for industrial use under single platform. We cover a wide range of disciplines such as Analysis of Water, Soil, Noise, Air Monitoring, Environmental Audit, Green Audit, Water Audit, EIA, EMP, Impact Assessment Report for Ground Water, Hydrogeological Report, Waste Management, Safety Audit, Risk Analysis, HAZOP Study, On Site & Off-Site Emergency Plan etc. and "Design, Construction, Installation & Commissioning" further "Operation & Maintenance" of STP, ETP, RO, WTP, Swimming Pool etc. We provide training on Environment Management, Industrial Safety, Operation & Maintenance of Waste Water Treatment Plant. We also provide the services for the Preparation & Filing of Statutory Documents for CGWA, UPGWD, HWRA etc. & PCB for obtaining NOC, CTE & CTO. EPGEC's clientele is very diverse. We provide services to different client segments as per their requirement.

M/s Earth Protection Group Environmental Consultant Pvt. Ltd. (EPGEC) is working under the guidance of the Managing Director, Dr. Nelesh Agrawal and Executive Director Dr. Rajeev Kanaujia. Core management of the organization is managed by Technical Personnel having specialized qualification in the field of (Environment and Industrial Safety) i.e. Doctorate and Post Graduate Degree in Environment Science & Post Graduate Diploma in Industrial Safety. Organization also has a team of well-qualified and experienced persons from different disciplines who provide successful services to leading Industrial Houses, Government Department, Infrastructure Projects like Housing, Road, Hospitals, and Hotels etc.

To,

The Registrar,
Ram Manohar Lohia Avadh University
Faizabad, - 224001
Uttar Pradesh

Sub: Extension of provisional temporary approval of affiliation to T.R.C Law College, Barabanki, Uttar Pradesh for three year LL.B as well as five year BA LL.B law courses for the academic year 2020-2021.

Sir,

This is with reference to above mentioned subject regarding **extension of provisional approval of affiliation T.R.C Law College, Barabanki, Uttar Pradesh** which has already applied for extension of approval of affiliation for the academic year 2020-2021

This is to bring to your kind knowledge that the following resolution was passed on 24th June, 2020 with respect to grant of provisional approval of affiliation for academic year 2020-2021 for those centers of Legal Education which have applied for approval of affiliation for the academic year 2020-2021.

RESOLVED that with respect to existing Centers of Legal Education/colleges, whose inspection fee has been deposited, application for extension of approval of affiliation is pending, no inspection could be done or the inspection has been done, but inspection report could not be placed before the Legal Education Committee or the Standing Committee for its consideration, such Centers of Legal Education/colleges may continue to admit students only for the academic year 2020-2021. This will apply only in case where affiliation has been granted by the University, which of course, shall be subject to the inspection to be made by the Bar Council of India subsequently"

TRC LAW COLLEGE
SATTRIKH, BARABANKI

As per the circular dated 05.02.2020 bearing No.BCI:D:158 (LE:Circulation No.01/2020), issued to all Centers of Legal education, every center of Legal Education /college shall be required to submit a certified authenticated bank statement bearing bank stamp, date and signature, mandatorily with respect to the salary/ies being disbursed to all the teachers/faculties every three months from date of receipt of communication on a regular basis, unless specifically sought at other intervals, and also furnish list of teachers with qualifications as per BCI and UGC Rules, and further furnish proof/receipts of fulfillment of minimum library requirements, as enumerated under Schedule-III, Rule-15, Minimum Library requirements of Legal Education Rules-which is the sine qua non of a Center of Legal Education. Certain show cause notices had also been issued specifically to certain Centers of Legal Education/Colleges, with conditions mentioned therein to be complied with. The time for compliance of the circular and the show causes stands extended till 31st October, 2020.

It is made clear that if any Center of Legal Education, fails to submit all the required documents as sought by way of the referred circular and the show cause notices(where applicable),already issued, and the subsequent circular to be issued in this regard, on or before 31st October, 2020, including certified authenticated bank statements, library receipts and faculty list with qualifications then their application for extension of approval for 2021-22 shall not be considered and/or approval already granted may be withdrawn.

You may kindly bear in mind that the Bar Council of India is the sole and supreme sanctioning authority for seats and as a general rule it does not allow any supernumerary quota of seats for law degree courses, over and above the sanctioned strength of seats and whatever reservation of seats is to done by the University as a general rule has to be done within sanctioned strength of seats.

The Center/s of Legal Education/College may take a note of the above mentioned facts and furnish compliance of the same and of the other rules and regulations of Legal Education, including the stipulations specified in the abovesaid referred circular/s, and in Annexure A, attached to this provisional approval of affiliation letter, which is required be complied with by/on/before 31.10.2020 with adequate documentary proof and by way of a notarized affidavit, failing which as stated above their application for extension of approval for 2021-22 shall not be considered and/or approval already granted may be withdrawn.

Since your university has given affiliation for the year 2020-2021, you are requested to allow T.R.C Law College, Barabanki, Uttar Pradesh to admit students in three year LL.B as well as five year BA LL.B law courses with existing sections for the academic year 2020-2021.
